

Delivery date and time booking system

ERBACHER the food family

LOGGING INTO THE WEBSITE

The user will receive a link to the Platbricks system website to make delivery arrangements.

The link will be sent to the email address previously provided by the supplier.

NOTIFICATION OF DELIVERIES

- Select the number of the consignment for which you wish to create an advice letter.
- We click on the icon 'Book Time Slot'

The screenshot displays the 'Deliveries' dashboard in the platbricks system. The top navigation bar includes the platbricks logo and a search bar. The main header shows 'ERBACHER the food family' and the current page title 'Deliveries'. Below the header, there are filter options for 'Select Delivery Type' (set to 'Inbound') and 'Select Time Booking Status'. A summary bar indicates 2 completed deliveries, 1 pending, and 0 not relevant. The main content area features a table of delivery records with columns for Delivery, Document Number, Business Partner, Status, and Time Booking Slots. A red box highlights the '+ Book Time Slot' button in the top right corner, and another red box highlights the checkbox for the delivery with document number 0181306283.

Delivery	Document Number	Business Partner	Status	Time Booking Slots
<input checked="" type="checkbox"/>	0181306283		Pending

NOTIFICATION OF DELIVERIES

The data entered at the registration stage of the advance e.g. the driver's telephone number must match the telephone number of the driver present on the day of delivery, as all instructions relating to the driver's registration at the entry barrier and the driver's passage through the site will be sent by SMS to the driver), also the truck registration number should be up-to-date due to the process of identifying the vehicle at the entry and exit gate by means of the vehicle plate number.

The screenshot shows a web application interface for 'platbricks' with the logo 'ERBACHER the food family'. The page title is 'Book time slot' and the breadcrumb is 'Dashboard / Nowy Tomyśl / Book time slot'. A progress bar at the top indicates four steps: 1. Selected deliveries (checked), 2. Enter Booking Data (active), 3. Select time slot, and 4. Check & confirm data. The 'Enter Booking Data' section contains two columns of form fields. The left column includes: 'Driver name' (Jan Kowalski), 'Driver's phone number' (+48 123456789), 'Comment', and 'Confirmation E-mail*' (t.maciejkowicz@josera.pl). The right column includes: 'Supplier' (redacted), 'Supplier's phone number' (+48 123456789), 'License plate truck' (STAG987), and 'License plate trailer' (STAG987). The phone number fields in both columns are highlighted with red boxes, indicating a validation error. A 'Back' button is on the bottom left and a 'Next' button is on the bottom right.

NOTIFICATION OF DELIVERIES

The car plate number must contain only letters and numbers, without spaces or other characters.

NOTIFICATION OF DELIVERIES

The booking has been saved in the system and the system sends a confirmation to the e-mail address provided in the booking.

Attached to the email is a .pdf file with the QR code and the reference code needed to identify the driver at the entrance gate.

NOTIFICATION OF DELIVERIES

We hereby confirm your time booking with the number **100026**. The following time slots were created:

- Slot: 40049
 - Dock: PR5
 - Planned Start: 18-02-2025 07:00 ((UTC+01:00)
Amsterdam, Berlin, Bern, Rome, Stockholm, Vienna)
 - Planned End: 18-02-2025 07:45 ((UTC+01:00)
Amsterdam, Berlin, Bern, Rome, Stockholm, Vienna)
 - Assigned Deliveries:
 - Inbound Delivery Item: 0181306283 - 000010

TimeBooking Code: 548879

The .pdf file contains : the QR code and the „TimeBooking Code” reference code needed to identify the driver at registration point (8a or 8b).

It will not be possible to enter the site without a QR code or reference code, so please provide the QR code and reference number directly to the driver (electronic form as in the pdf attachment or print from the .pdf file).

The reference code ‘TimeBooking Code’ can also be used interchangeably .

NOTIFICATION OF DELIVERIES

The data entered at the booking stage, e.g. the driver's telephone number on the form, must match the mobile telephone number of the driver present on the day of delivery..

All instructions related to the driver's registration at the entry barrier and passage through the site will be sent to the driver via SMS.

Providing an out-of-date mobile phone number to the driver on the advance booking form will prevent entry behind the barrier to the site.

Entering an out-of-date truck registration number in the form at the creation stage will also prevent the truck from entering the area behind the barrier..

If you have any questions, please
